OR stationary reader
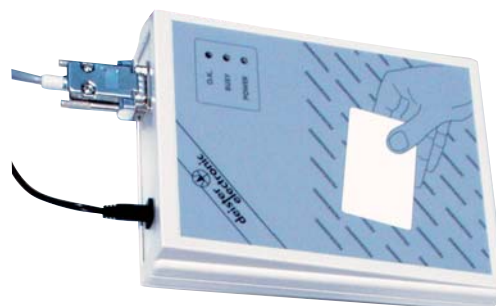

The universal stationary reader is an ideal addition for the BiTech family for use in the administration office.

The OR reader easily connects with a PC via the RS232 interface

As with all BiTech readers the OR reader has a long reading distance.

The OR reader has many unique features:

- **compatible** to many already existing waste- ID-systems
- **portable**
- **maintenance free**
- For use with **different transponder** types

Technical Data

Dimensions :	1170 x 135 x 85 mm
Material:	ABS
Weight :	ca. 500 g
Protection type:	IP 54
Operating frequency:	125 kHz, 134,2 kHz 13,56 MHz (optional)
Transponder:	Read Only OTP Read/Write
Transmission mode:	FDX HDX
Modulation mode:	ASK, FSK
Operating voltage:	8...30V, max. 150mA
Operating temperature:	-0°C ... +85°C
Interface:	RS 232
